Welcome

Québec City welcomes the Québec RE³ Conference, from June 7 - 11th, 2020

We are proud to host a joint conference between the Canadian Land Reclamation Association (CLRA), the Society for Ecological Restoration (SER) and the Society of Wetland Scientists (SWS) from June 7th to 11th, 2020, at the dawn of the UN Decade of Ecosystem Restoration (2021-2030).

The proposed theme of the conference for 2020 is “From Reclaiming to Restoring and Rewilding”. It aims to stimulate discussions about the range of environmental management approaches advocated by the three hosting societies. Reclaiming is recognized and practiced by many industries, including mining and petrol extraction. Restoring is recognized most broadly around the world, and has been the main focus of SER. Rewilding, or bringing back to nature, allows us to dream. These terms also imply ideas of industry, science, practice, society and imagination. They run from the practical to the creative.

Since 2000, economic development has been growing at a fast pace in temperate, boreal and arctic regions of North America, and ecological restoration is in full expansion. As the boreal biome comprises close to 20% of wetlands in North America, we believe it is important to bring together, for the first time, experts from SWS to join members from CLRA and SER, for stimulating exchanges of knowledge, best practices and new ideas. The conference will provide an excellent opportunity for all members, whether academic, private-sector or governmental stakeholders, to interact and to present the latest developments for reclaiming, restoring or rewilding diverse ecosystems, and to promote the understanding, the science-based management and the sustainability of wetlands.

The conference will be held in English. Original contributions may be in the form of plenary, roundtable, oral or poster presentations, with a number of parallel sessions dedicated to specific topics. The abstracts of each presentation by one of the authors will appear in the conference proceedings.

We would like to extent a warm welcome to this event!

The Organizing Committee
Benefits

For Attendees
• Top-rated, contributed sessions;
• Keynote and invited sessions of topical interest;
• Exhibitors showcasing their latest products and services;
• Social and cultural side events, allowing for development of networking and potential collaboration;
• Located at the heart of the historical quarters of Quebec City, birthplace of French North America.

For Exhibitors
• Stand out from the competition and benefit from this unique opportunity to meet face to face with scientists and other stakeholders, who are involved in your field of activities and expertise;
• Meet with prospect employees;
• Promote your products to attendees from around the world;
• Receive high return on investment with support from an exhibit committee staffed with experienced sales, and marketing professionals.

Book your exhibit space now
Exhibit space assignments will start
March 2019
Allocation will be based on application reception date

Venue
• Québec City Convention Centre
